NEWSLETTER

March 2023

Chapter 274 of the American
Association of Woodturners

This is your March 2023 edition of the Atlanta Woodturners Guild Newsletter. If you would like to submit an article, send to Tom Biehl at newsletteratlantawoodturnersguild.org

Please submit your items **no later than the Wednesday before our meeting** if you would like to have your article included in that month's newsletter. (3 of 12)

About the Guild

The Atlanta Woodturners Guild (AWG) was formed to provide support, ideas, and camaraderie to fellow woodturners in the metro Atlanta area. The Guild meets once a month and members are invited to display examples of their work at the instant gallery. New and established turners have the opportunity to ask questions and solve problems with other members.

At each monthly meeting a demonstration is conducted by professional turners from all over the world. Or sometimes one of our own accomplished members. It is a great opportunity to see a professional in action, ask questions and learn techniques. The AWG has a comprehensive library stocked with wood-turning DVD's, and books. These items are available to the membership for a small rental fee. Members are kept informed about upcoming events and activities through this newsletter and our web site.

Anyone interested in learning about woodturning is welcome to attend the monthly meetings.

**IF YOU CAN'T GLUE IT,
THEN SCREW IT!**

President's Message

March, 2023 Newsletter

Glen Withrow's demo on Beads of Courage Lidded Bowls was very informative and we are looking forward to everyone submitting a bowl at some point this year. Watch for announcements on HOT Classes to make these during classes. We had another good participation in our Show and Tell as well as our Raffle and four new members signed up to join our club and all will be eligible for new member and their sponsor drawing in April. That gives us a total of 12 new members this year.

Dan has our Mentor Program underway with signup for the program coming soon. It is not too late to add your name as an instructor/mentor, so contact Dan Douthart if you are interested. This is one on one instruction to be done at Woodcraft.

Katie Navarro still needs some facilitators for our Hands-On Turning (HOT) Classes, but that program is thriving with a full class booked on March 1st. Also, she is finalizing plans for our May 20th Tool Exchange and Wood Sale to be held in the parking lot at Woodcraft.

Last Call to pay your 2023 dues if you have not already done so. At the end of this month if we have not heard from you, we will remove your name from the roster, and you will no longer receive this newsletter, HOT Notifications or any other club emails.

Do not forget to follow us on Facebook and post pictures of your work there. Also check out our website and see all things going on with our club.

Looking forward to seeing everyone on Wednesday, 5-5:30 pm dinner and socialize at Hooligans, 8440 Holcomb Bridge Rd. Roswell, GA (directly behind CVS on corner of Holcomb Bridge and Barnwell Rd.) Weather permitting park at Woodcraft and walk over, meeting starts at 6:45pm

Thin Stem Natural Edge Goblet from a Limb

March Meeting Demonstration

Rudy Lopez is a professional woodturner in Tampa, FL, with over 40 years of experience in turning, furniture making, and cabinetmaking. Widely respected for his teaching skills, he demonstrates at regional and national symposia, including those of the American Association of Woodturners, and teaches at clubs and schools across the country. Rudy's work has been featured in juried exhibitions at AAW symposia and at their Gallery of Wood Art in St. Paul, MN. Rudy will demonstrate how to turn a "Thin Stem Natural Edge Goblet from a Limb."

During March, Rudy Lopez will be conducting 3 different demos in the Atlanta area, and **You Are Invited to Attend All Three!** The demo schedule is as follows:

- Tuesday March 14 - Barnesville Woodturners - Natural Edge Wing Bowl from a Half Log or Crotch Section.
- Wednesday March 15 - Atlanta Woodturning Guild - Thin Stem Natural Edge Goblet from a Limb
- Thursday March 16 - Georgia Association of Woodturners - Square to Round Bowl or Vase

There is no additional cost or charges to participate in these meetings.

You will be able to attend all 3 demos either by attending in person or via Zoom on your home computer. During the week of March 13, I will be forwarding the meeting locations, information, and zoom links for the demos with the Barnesville Woodturners, Atlanta Woodturners Guild and Georgia Association of Woodturners.

Rudy will be conducting the AWG demo 6:45 pm on Wednesday March 15 (our normal meeting day), at the Woodcraft Store. During this demo, he will show us how he makes a Thin Stem Natural Edge Goblet from a Limb

Rudy will be turning a thin stem natural edge goblet from a green limb approximately $1\frac{1}{2}$ " - $2\frac{1}{2}$ " dia. I will show attendees the simple techniques I use to easily turn a thin stem natural edge goblet from a green limb using mostly a $1/2$ " or $5/8$ " side ground bowl gouge. He will explain limb selection, pith orientation, different techniques used for stabilizing thin stems, the use and sharpening of Negative Rake scrapers and drying to help avoid cracking.

AWG Library

Look! We are back in business at Woodcraft. And so is our club librarian. We may not have a fancy library, but the knowledge that is within our selection is invaluable. Each month Jim Hardy, our librarian, will have our extensive Library available at the meeting. Each item is available for checkout - \$2/item/month. A list of books and DVDs available is on our website, <https://www.atlantawoodturnersguild.org> Our brand-new Members are eligible for up to 5 free monthly rentals in their first year of membership. Bonus to membership!

If you arrive a bit early there is time for some socialization and “catching” up with friends, you may not have seen in a while. It is also a good time to review what is in the library and available for check-out. And you can purchase raffle tickets for whatever prizes will be raffled at the end of the meeting. See Hans Meier.

HOT Sessions– A Club Favorite!
Sessions are held on the first Wednesday of each month. Leaders of the sessions mostly come from within the club. The leaders teach subjects meant to develop skills. And the goal is for each attendee to take something home to show off. To enroll in a session, contact Katie Navarro hotclassesatlantawoodturnersguild.org. The planned schedule to date is below.

Turn it on, Turn it up, and Turn Me Loose!

Our third HOT session of 2023 was held on March 1, 2023

The session was led by our own Wayne Johnson. Wayne taught us how to use our turning skills to Turn a Platter with embellished rim. Embellished in several ways.

The session participants

April's HOT session will be Arnie Moore Turning a small bowl with several wood species laminated together to make the blank. Sign up with Katie Navarro. (See below)

Katie Navaro Says.....

Hands on Turning

If you haven't attended one of our HOT (hands on turning) sessions, you are missing out on one of the best perks (in my opinion) of our Club. Everyone knows lunch time is my favorite because we get to eat together and tell tall turning tales at the table, as well as getting to know each other better. Of course, there is the learning part too and the part where you can turn all day with like-minded friends for very little money.

Wayne Johnson facilitated our March HOT with Blake Cherrington as his helper. Thanks Wayne and Blake. There was standing room only in the classroom. *Hee Hee!* No, seriously, there was a wait list for Wayne's platter embellishing class.

The turners added beads, chatter, burn lines and texture to their platters. Wayne would demonstrate a technique and the turners would execute that technique, then they would turn that away and go on to the next cool thing. We enjoyed each other's company, enjoyed a visit from Harvey and went home with something cool.

April's HOT promises to be just as much fun so sign up now because our classes fill up fast. Arnie Moore will be facilitating. We will turn a small bowl laminated from several wood species.

To sign up for any or all of the 2023 HOT classes, text me at 404-447-4799 or email katiepnavarro@gmail.com.

*Have you heard the
"under construction
joke?"*

It's not done yet.

Do you know why woodworkers always get so upset at the Airport?

Because they can never find the right plane!

NOTE: Some members like to meet at a restaurant (Hooligans) for dinner before the meeting. This gives them a chance to arrive in the area a bit early and beat the traffic. Hooligans is located just a short walk east of Woodcraft. (8440 Holcomb Bridge Rd., Alpharetta, Ga, 678-367-2841)

DEPENDING ON YOUR PERSONALITY, MAKING HOLES IS EITHER DRILLING OR BORING...

April's Featured Demonstrator – Harvey Meyer

Harvey Meyer's April Meeting Preview

In this demo, I'll turn a natural edge (sometimes called bark edge) bowl. I'll explain how to cut the log section to get the best grain pattern. Then I'll mount the blank between centers and explain how to orient the piece to achieve the best balance possible. Moving on, I'll shape the outside of the bowl and prepare a proper tenon for mounting when turning the other side. Once the outside is turned, I'll reverse the piece and hold it in the chuck using the tenon. Then I'll remove the wood from the inside and turn to final thickness. In general, natural edge bows are turned in one session and allowed to dry before sanding. I'll explain the sanding and finishing processes.

Welcome to all of our new members who joined in February. We appreciate you being with us and look forward to a long relationship.

Beads of Courage

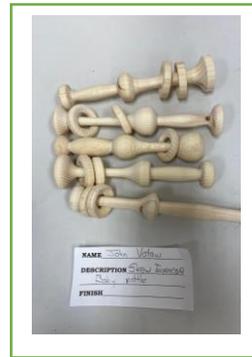

Glen Withrow hopes to get two beads of courage bowls from each member by the end of the year. Please do all you can to meet this request. Glen may be contacted with questions at beadsofcourageatlantawo@odturnersguild.org

Together, we can meet this goal. Can Do!

February Show & Tell

During our February meeting we had an abundance of member and visitor Show & Tell items to share, again. It was wonderful to see all the projects our superb turner's have been working on. We look forward to another great show and tell during our March meeting. So let's Create, Show, and Tell (about it)!

This message announces the inauguration of some long-awaited updates to our Atlanta Woodworkers Guild web site (atlantawoodturnersguild.org). Our site retains the same hosting company (WIX.com) but now takes advantage of their recent service enhancements, including better support for various types of media (databases, graphics, videos and .PDF files). The color scheme and layout may be a little different, but you will recognize our club information and it should be easier to find and review.

Featured is a new **Event Calendar** (atlantawoodturnersguild.org/event-calendar), showing a schedule for our regular monthly meetings, our popular Hands On Turning (H.O.T.) sessions, and other upcoming events. The **Newsletter** archive (atlantawoodturnersguild.org/newsletters) is on-line again and will be kept current. A **Contact Us** page (atlantawoodturnersguild.org/contact-us) gives names and contact information for our current Officers and Board of Directors. An **About the AWG** page (atlantawoodturnersguild.org/about-the-awg) welcomes new members. A Members Only section provides access to our latest **Member List** (atlantawoodturnersguild.org/member-list, the password is "awg2016") so you can stay in contact with your fellow members. Shortly I hope to add a page of public Forums, starting with a new Trading Post and one for Tips & Techniques.
