Association of Woodturners

About the Guild

The Atlanta Woodturners Guild (AWG) was formed to provide support, ideas, and camaraderie to fellow woodturners in the metro Atlanta area. The Guild meets once a month and members are invited to display examples of their work at the instant gallery. New and established turners have the opportunity to ask questions and solve problems with other members.

At each monthly meeting a demonstration is conducted by professional turners from all over the world. Or sometimes one of our own accomplished members. It is a great opportunity to see a professional in action, ask questions and learn techniques. The AWG has a comprehensive library stocked with wood-turning DVD's, and books. These items are available to the membership for a small rental fee. Members are kept informed about upcoming events and activities through this newsletter and our web site.

Anyone interested in learning about woodturning is welcome to attend the monthly meetings.

President's Message

April, 2023 Newsletter

Rudy Lopez's three local club demos and two all day hands on turning classes were all excellent. Our AWG Demo was not available to the 18 people that tried to log on due to technical difficulties but Rudy furnished us a YouTube Video of the exact same demo he had done for another club. We think we have those technical issues resolved and thank you for your patience.

We continue to have good participation in our Show and Tell as well as our Raffle and one new member signed up to join our club. So, we will have thirteen new members and one sponsor in our drawing at the meeting in April.

Please contact Glen for any questions about Beads of Courage and try to get your bowls completed soon.

Katie Navarro still needs some facilitators for our Hands On Turning (HOT) Classes but that program is thriving with a full class booked on March 1st. Also she is finalizing plans for our May 20th Tool Exchange and Wood Sale to be held in the parking lot at Woodcraft. See information below.

Do not forget to follow us on Facebook and post pictures of your work there. Also check out our website and see all things going on with our club.

Looking forward to seeing everyone on Wednesday, 5-5:30 pm dinner and socialize at Hooligans, 8440 Holcomb Bridge Rd, Roswell, GA (directly behind CVS on corner of Holcomb Bridge and Barnwell Rd.) Weather permitting park at Woodcraft and walk over. Meeting starts at 6:45PM.

Wayne Johnson
President AWG

Thank you for helping to support the raffle event.

Harvey Meyer's April Meeting Demo

*In this demo, I'll turn a natural edge (sometimes called bark edge) bowl. I'll explain how to cut the log section to get the best grain pattern. Then I'll mount the blank between centers and explain how to orient the piece to achieve the best balance possible. Moving on, I'll shape the outside of the bowl and prepare a proper tenon for mounting when turning the other side. Once the outside is turned, I'll reverse the piece and hold it in the chuck using the tenon. Then I'll remove the wood from the inside and turn to final thickness. In general, natural edge bowls are turned in one session and allowed to dry before sanding. I'll explain the sanding and finishing processes. *

Unbalanced Bowl Blank – Wayne Johnson

So your bowl Blank is round but it still does not spin smoothly and is causing your lathe to jump all around. What causes this and what can I do to fix it.

The cause according to Harvey Meyer can be more moisture in one side of the blank than the other, different density of the wood like a section of punk wood, or bark inclusion or hidden void in the wood, or even nails, screws or metal fencing that has been grown over and not visible to your initial inspection.

A solution could be to slow the lathe down until the blank no longer causes the lathe to vibrate. This could be as slow as 200 to 300 rpms and that makes very slow turning. Increase the speed as you continue to turn, and lathe is running smooth.

You may also try slowly speeding the lathe up until you get past the jumping lathe.

Member John Votaw had a round bowl blank that had the moisture issue and could not get the lathe to settle down. Moisture meter said 23% on one side, 17% on the other.

So with the help of Blake Cherrington, they discovered you can balance it just like a tire with weight on the outside and drilling holes in the heavy side. He did not notice any great difference in the wood from side to side as he was hollowing.

John will be at our May meeting to discuss how they did this.

AWG Library

Look! We are back in business at Woodcraft. And so is our club librarian. We may not have a fancy library, but the knowledge that is within our selection is invaluable. Each month Jim Hardy, our librarian, will have our extensive Library available at the meeting. Each item is available for checkout - \$2/item/month. A list of books and DVDs available is on our website, <https://www.atlantawoodturnersguild.org> Our brand-new Members are eligible for up to 5 free monthly rentals in their first year of membership. Bonus to membership!

If you arrive a bit early there is time for some socialization and “catching” up with friends, you may not have seen in a while. It is also a good time to review what is in the library and available for check-out. And you can purchase raffle tickets for whatever prizes will be raffled at the end of the meeting. See Hans Meier.

HOT Sessions– A Club Favorite!

Sessions are held on the first Wednesday of each month. Leaders of the sessions mostly come from within the club. The leaders teach subjects meant to develop skills. And the goal is for each attendee to take something home to show off. To enroll in a session, contact Katie Navarro hotclassesatlantawoodturnersguild.org. The planned schedule to date is below.

Turn it on, Turn it up, and Turn Me Loose!

Unfortunately, our April HOT Class was cancelled due to a family emergency. Look forward to our May HOT class which will

Katie Navaro Says.....

Hands on Turning

If you haven't attended one of our HOT (hands on turning) sessions, you are missing out on one of the best perks (in my opinion) of our Club. Everyone knows lunch time is my favorite because we get to eat together and tell tall turning tales at the table, as well as getting to know each other better. Of course, there is the learning part too and the part where you can turn all day with like-minded friends for very little money.

Wayne Johnson facilitated our March HOT with Blake Cherrington as his helper. Thanks Wayne and Blake. There was standing room only in the classroom. *Hee Hee!* No, seriously, there was a wait list for Wayne's platter embellishing class.

The turners added beads, chatter, burn lines and texture to their platters. Wayne would demonstrate a technique and the turners would execute that technique, then they would turn that away and go on to the next cool thing. We enjoyed each other's company, enjoyed a visit from Harvey and went home with something cool.

April's HOT promises to be just as much fun so sign up now because our classes fill up fast. Arnie Moore will be facilitating. We will turn a small bowl laminated from several wood species.

To sign up for any or all of the 2023 HOT classes, text me at 404-447-4799 or email katiepnavarro@gmail.com. Or you may go to the website and click on Book Online.

Katie still has opportunities for some lucky member to share his/her knowledge and talents with other club members. Don't pass up the opportunity. Call Katie to claim your spot.

*Have you heard the
"under construction
joke?"*

It's not done yet.

Do you know why woodworkers always get so upset at the Airport?

Because they can never find the right plane!

NOTE: Some members like to meet at a restaurant (Hooligans) for dinner before the meeting. This gives them a chance to arrive in the area a bit early and beat the traffic. Hooligans is located just a short walk east of Woodcraft. (8440 Holcomb Bridge Rd., Alpharetta, Ga, 678-367-2841)

DEPENDING ON YOUR PERSONALITY, MAKING HOLES IS EITHER DRILLING OR BORING...

Looking ahead to June's Meeting and Demo

May's Featured Demonstrator – Ken Rizza

Ken will demonstrate and discuss sharpening and sanding. Ken will provide information and methods and cover various available tools and jigs to help the turner with sharpening and sanding.

Welcome to all of our new member who joined in March. We appreciate you being with us and look forward to a long relationship.

Tony Campbell

Beads of Courage

Glen Withrow hopes to get two beads of courage bowls from each member by the end of the year. Please do all you can to meet this request. Glen may be contacted with questions at beadsofcourageatlantawo@turnersguild.org

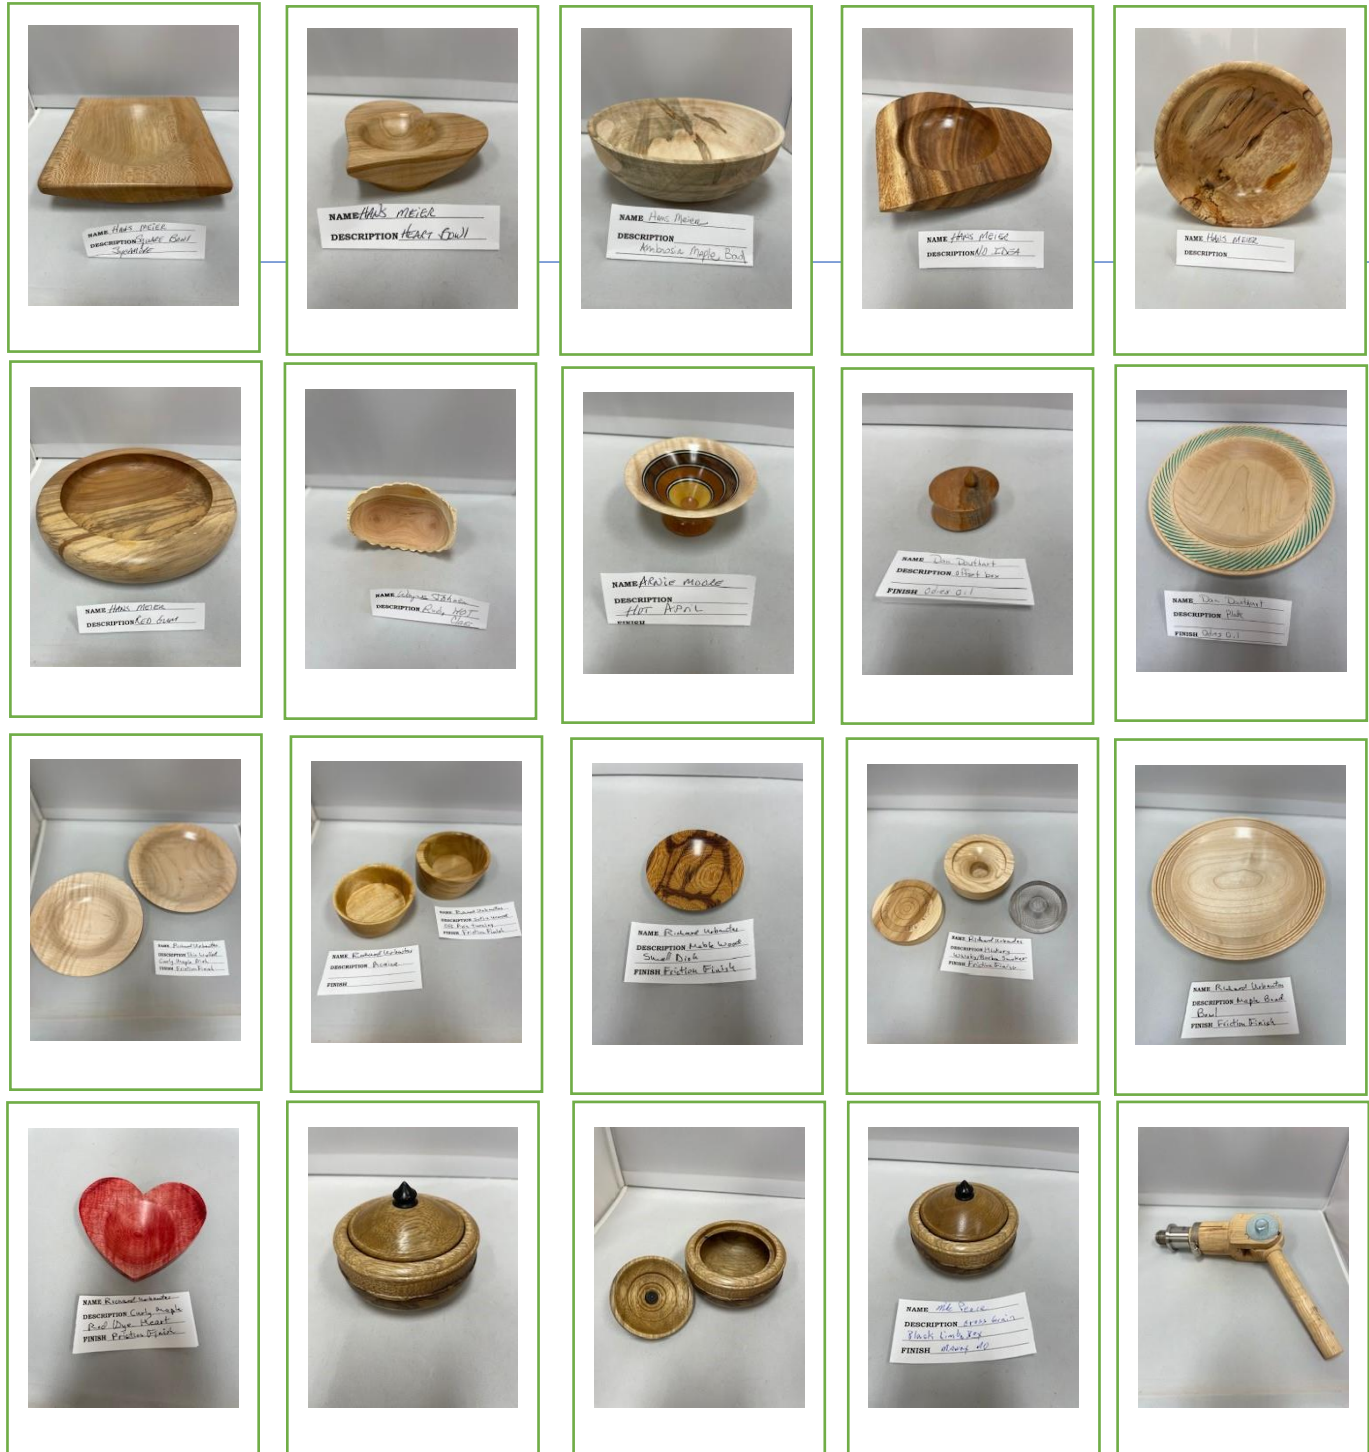

Together, we can meet this goal. Can Do!

Glen will be hosting a HOT Session on Beads of Courage in May.

March Show & Tell

During our March meeting we were blessed with many member show and tell items for our viewing pleasure. Our Superb turner's have shared their works. We look forward to another great show and tell during our April meeting. So let's Create, Show, and Tell (about it)!

This message announces the inauguration of some long-awaited updates to our Atlanta Woodworkers Guild web site (atlantawoodturnersguild.org). Our site retains the same hosting company (WIX.com) but now takes advantage of their recent service enhancements, including better support for various types of media (databases, graphics, videos and .PDF files). The color scheme and layout may be a little different, but you will recognize our club information and it should be easier to find and review.

Featured is a new **Event Calendar** (atlantawoodturnersguild.org/event-calendar), showing a schedule for our regular monthly meetings, our popular Hands On Turning (H.O.T.) sessions, and other upcoming events. The **Newsletter** archive (atlantawoodturnersguild.org/newsletters) is on-line again and will be kept current. A **Contact Us** page (atlantawoodturnersguild.org/contact-us) gives names and contact information for our current Officers and Board of Directors. An **About the AWG** page (atlantawoodturnersguild.org/about-the-awg) welcomes new members. A Members Only section provides access to our latest **Member List** (atlantawoodturnersguild.org/member-list) so you can stay in contact with your fellow members. The password is being updated and will be distributed in the not-too-distant future via email to members. Shortly I hope to add a page of public Forums, starting with a new Trading Post and one for Tips & Techniques.
