NEWSLETTER

November 2023

Chapter 274 of the American
Association of Woodturners

This is your October 2023 edition of the Atlanta Woodturners Guild Newsletter. If you would like to submit an article, send to Tom Biehl for consideration at newsletteratlantawoodturnersguild.org

Please submit your items **no later than the Wednesday before our meeting** (second Wednesday of the month) if you would like to have your article included in that month's newsletter. (11 of 12)

About the Guild

The Atlanta Woodturners Guild (AWG) was formed to provide support, ideas, and camaraderie to fellow woodturners in the metro Atlanta area. The Guild meets once a month and members are invited to display examples of their work at the instant gallery. New and established turners have the opportunity to ask questions and solve problems with other members.

At each monthly meeting a demonstration is conducted by professional turners from all over the world. Or sometimes one of our own accomplished members. It is a great opportunity to see a professional in action, ask questions and learn techniques. The AWG has a comprehensive library stocked with wood-turning DVD's, and books. These items are available to the membership for a small rental fee. Members are kept informed about upcoming events and activities through this newsletter and our web site.

Anyone interested in learning about woodturning is welcome to attend the monthly meetings.

Katie Navarro led the November HOT class and taught the participants how to turn an acorn box. It was a fun filled learning day for everyone. Thank you for your leadership in organizing the monthly HOT classes and leading the November Class Katie.

President's Message

At this month's meeting we will be voting on the Board's Nomination for 2024 officers and any AWG member will be allowed to make additional nominations before we will hold the election.

November Meeting Demonstration

(Please arrive as early as you can so we may start as soon as possible)

For November meeting (Coming up soon) we are blessed to have Walt Wager provide a demo for us.

Walt's undergraduate degree is in Industrial Arts from State University of New York in Oswego. After teaching high school shop he attended Indiana University and earned a doctoral degree in Instructional Systems Design. Walt started woodturning upon his retirement from Florida State University in 2002. Since then, he has taught and demonstrated woodturning techniques regionally, nationally, and internationally.

What Walt loves about woodturning is that it is a creative, problem-solving process. Every piece of wood is different and requires a variety of techniques to form and finish. He mostly uses regional woods from the southern U.S., including cherry, camphor, magnolia, maple, palm, and sycamore. Photos and videos of Walt's work may be viewed on his website <http://waltwager.com>. Walt has published over a dozen articles in the American Association of Woodworkers Journals, American Woodturner, and Fundamentals, and the British Magazine, Woodturning.

Walt's demo will cover Elegant Native American Hollow Forms Turning small hollow-forms - Demonstrating the use of small hand-held hollowing tools to make small hollow-forms suitable for Native American pottery shapes - they make great canvases for embellishments.

We do not have a demonstration in December. BUT, let us look forward to January.

Our January demo will be presented by our very own Arnie Moore. Arnie will be demonstrating how to create a Staved Bowl. On the evening of January 17 Arnie will present "An introduction to staved turning projects". This presentation will cover how to cut staves on a table saw, how to glue and clamp these staves and how to mount on the lathe for turning, several examples will be presented. Using staves of different types of wood and using veneers to separate staves can produce interesting projects.

In addition, Arnie will be presenting two HOT classes in January where the attendees will learn the process and complete a bowl to be given to our BOC representative, Glen Withrow. The HOT class will be a staved BOC box. The plan is to have two HOT sessions in January. On January 3 we plan to cut and glue the boxes and finish them on January 17.

Now a little bit about Arnie:

Arnie spent 15 years on active duty in the Navy followed by 15 years in the Navy Reserve. He retired from the Navy Reserve as a Captain (06) in 1994. In civilian life Arnie worked for Ingalls Shipbuilding in Pascagoula, Mississippi, designing Navy Destroyers, Cruisers and Amphibious ships for 24 years. He retired as the Vice President of Engineering in 2007.

Arnie was an active member of AWG for about 6 years between about 2008 and 2014. He served in several positions including as Vice President for 2 years and President for 1 year. For about the past 6 years Arnie has been the Chair of the local Peach State Chapter of the Society of American Period Furniture Makers (SAPFM).

Arnie renewed his membership in AWG this year. He likes to make “laminated” lathe projects using contrasting wood species. Often these pieces come from cutoffs of furniture projects. Arnie is happy to assist any AWG members interested in this form of turning. He will teach an AWG Hands-On Training (HOT) class in September, demonstrated in October and will demonstrate again in January, 2024.

AWG Library

Look! We are back in business at Woodcraft. And so is our club librarian. We may not have a fancy library, but the knowledge that is within our selection is invaluable. Each month Jim Hardy, our librarian, will have our extensive Library available at the meeting. Each item is available for checkout - \$2/item/month. A list of books and DVDs available is on our website, <https://www.atlantawoodturnersguild.org> Our brand-new Members are eligible for up to 5 free monthly rentals in their first year of membership. Bonus to membership!

If you arrive a bit early there is time for some socialization and “catching” up with friends, you may not have seen in a while. It is also a good time to review what is in the library and available for check-out. See Jim Hardy.

And you can purchase raffle tickets for whatever prizes will be raffled at the end of the meeting. See Hans Meier.

HOT Sessions– A Club Favorite!
Sessions are held on the first Wednesday of each month. Leaders of the sessions mostly come from within the club. The leaders teach subjects meant to develop skills. And the goal is for each attendee to take something home to show off. To enroll in a session, contact Katie Navarro hotclassesatlantawoodturnersguild.org. The planned schedule to date is below.

Turn it on, Turn it up, and Turn Me Loose!

Welcome back. It's been a long time since we have seen you and we are happy you returned.

Now turn the page for more about HOT!

Hands on Turning by Katie Navarro

Are you new to turning? Have you been turning for some time, and feel you could do better? Do you enjoy learning from a variety of people? When was the last time you attended a structured, yet friendly and social environment educational session? If you haven't attended one of our HOT (Hands-On Turning) sessions, you are missing out on one of the best perks (in my opinion) of our Club. The session will help answer those questions above. In the sessions, we have an opportunity to work on a specific projects with lessons provided by one of our club experts. We learn, we meet new turners, and we leave with something that we made to take home and show to our families. And we have the newly developed skill and knowledge to go to our shop and create more items. Everyone knows lunch time is my favorite (says Katie Navarro) because we get to eat together and tell tall turning tales at the table, as well as getting to know each other better. Of course, there is the learning part too and the part where you can turn all day with like-minded friends for very little money.

Our HOT class coordinator, Katie Navarro presented the HOT class for November. Her topic was Acorn Boxes. Katie demonstrated the steps and was interactive with all turners helping with each step along the way.

THANK YOU KATIE NAVARRO!

The monthly HOT classes have been so well received that your Board has added a second monthly session beginning 2024. The plan is that the second session will be held on the third Wednesday of the month. The topics for both sessions will not necessarily be the same. Variety is the spice of life. Katie Navarro will organize the first session and Charlie Levan has stepped up to organize the second session. Look for more information to come.

It was a wonderful day. All participants learned a bit more about acorn box turning and assembly. Katie was well prepared and provided instruction and coaching. To sign up for future HOT sessions contact Katie. And for the second monthly session, contact Charlie Levan. Topics will be announced as soon as they are confirmed. Come join us. Sessions fill up fast, so don't delay.

In December Charlie Levan will lead the session and the topic is Christmas Ornaments.

DECEMBER 2023 HOT CLASS

Our Upcoming HOT class for December will feature our own Charlie Levan. Charlie's topic will be Christmas ornaments. So put on your Santa clothes and beanie (short sleeves only) and sharpen your tools and be ready for a fun-filled turning day. If you have not already, Contact Katie Navarro. She will take care of your enrollment. Here is a brief photo summary of what Charlie is planning:

OMG! Will you lookie here. This could have very possibly become a blank spot. A waste of space. But just in the nick of time, it was decided to write something here. Something perhaps worthwhile.

So, since this is **YOUR** newsletter, I decided to provide space for any member to write an article to be included. Something you feel would be of interest to your member colleagues. Whatever it is, there will be space as long as it is respectful. Even complaints. Perhaps a question. Maybe even a compliment about my good looks – see, even jokes will be allowed.

If you have something that you would like to have published, please send a message to htbiehl@att.net by the second Wednesday of the month.

This is your opportunity...better jump on it.

Your Newsletter Editor.

President's Challenge Christmas Tree Ornament

President's Challenge Christmas Tree Ornament Challenge: Wayne Johnson has issued a challenge to all members of the Atlanta Woodturners Guild to turn a Christmas Tree Ornament between now and December 4th, 2023 (Or to have turned it in 2023) and email a picture to Harvey Meyer harveymeyer2@gmail.com by December 4, 2022. All submissions will be put in a box and if your name is pulled at our December 5th Joint Christmas Party you will win one of the five \$10 Woodcraft Gift Cards. **You do not have to be present at the party to win a prize, but you do have to send in a picture before the deadline.** This is a joint party with the GAW, and they have the same contest, but the drawings will be separate. If you are a member of both clubs, it is ok to submit an entry to both clubs. Georgia Association Woodturners entries are being sent to Hans Meier hansmeierpuzzles@gmail.com

Did you hear about the woodworker who died when he fell into a vat of varnish? It was a terrible end, but a beautiful finish.

11/2023

NOTE: Some members like to meet at Hooligans restaurant for dinner and socializing before the meeting. This gives a chance to arrive in the area a bit early and beat the traffic. Hooligans is located just a short walk east of Woodcraft. (8440 Holcomb Bridge Rd., Alpharetta, Ga, 678-367-2841)

Just Call Tim

AWG Member Tim Robertson has announced that he has finished designing AWG name badges that can be ordered and purchased by any AWG member. These badges are laser cut and engraved on 1/8" thick prefinished maple plywood made for laser engraving. They are held in place using magnetic badge attachments. Replacing traditional badge pins, badge magnets are clothes-friendly: no more pin holes or possible tears on your clothes.

Here are the details of the name badges:

- Material: 1/8" thick maple plywood which is finished with a furniture-grade semi-gloss finish.
- Size: 3-1/2" x 2".
- Engraving: Laser cut and engraved.
- The cost for each badge is just \$10.00 in cash. To make the process as smooth as possible, you have two convenient options to order your badge:

1. Reply to this email before the August 16th AWG regular monthly meeting, advising me you would like a name badge and exactly how your name should appear on the badge. I will furnish Tim with a list of names, and Tim will take care of the rest including collecting your \$10 when he gives you the badge.

2. ****Direct Ordering:** Alternatively, club members can also reach out to Tim directly via text (C) 770-634-6604 or email tb.robertson@gmail.com, specifying the name you want on the badge, and he will be more than happy to personalize it accordingly.

Note: Tim does not accept verbal or handwritten names, He copies directly from text or email and paste them into the program so there are no errors in spelling of names.

If you purchase the name badge, you will keep it and bring back and forth to our meetings. If you forget your badge or choose not to buy a badge, please continue to fill out a disposable name tag at each meeting.

Please contact me if you have any questions. Wayne Johnson

Welcome to our new members, Al & Taylor Hickey, Angela Sun, Judy Yoon, Philip Buzetta, Marty Cueliar, Jim Hoben, and Carl Deloney who joined in October. We appreciate you being with us and look forward to a long relationship.

Beads of Courage

Glen Withrow hopes to get **two beads of courage bowls from each member** by the end of the year. Please do all you can to meet this goal. Glen may be contacted with questions at beadsofcourageatlantawoodturnersguild.org

Together, we can meet this goal. Can Do!

To date, the AWG has only provided three bowls in total. We can do better. Please commit to turning a Beads of Courage Bowl by the end of the year.

Editor's Note: Would you like to contribute some of your time and talent to a worthwhile cause? Helping Needy Veterans is our mission. Gwinnett Woodworkers gather at Rob's Daycare for Adults every Tuesday (well most of them) to build sturdy wooden canes that are donated to the Atlanta VA for distribution to needy Veterans. You will leave with a feeling of accomplishment and have pride for what you've just done. Contact Glen, Hans, Katie, or me, Tom Biehl, for more detailed information. You too can help our Veterans!
